MEMORANDUM FOR THE RECORD

SUBJECT: [REDACTED]

This memorandum is to establish the relationship between the Atomic Energy Commission (AEC) and the Central Intelligence Agency (CIA) concerning the proposed trip of [REDACTED] overseas in connection with a CIA project.

The basis of this relationship depends on the fact that [REDACTED] is making the trip at the request of the AEC, not the CIA, to over-see [REDACTED]

As a regular staff employee of the AEC, that organization will continue to be responsible for his salary and employee benefits. The CIA will be responsible only for paying of transportation and related living expenses on his trip, and for briefing him on the operational situation he will encounter. The CIA Headquarters [REDACTED] [REDACTED] will, of course, extend all possible support to [REDACTED] while he is in the field.

Acting Deputy Director (S&T)
